

DD/R-399-63

Date:

MEMORANDUM TO : OCL

25X1A

SUBJECT : Installation of Grey Line

ATTENTION :

1. Attached is a schematic showing the installation of grey lines required in the 2F corridor soon to be occupied by the ELINT staff. The installation of grey instruments in this area will not require the inclusion of a buzzer system. Each individual assigned to this office will be responsible for answering his or her own telephone.

2. Your effort to complete this installation at the earliest possible date shall be greatly appreciated. We contemplate moving the OEL staff to these rooms on 12 March 1963, and require grey instruments as soon thereafter as possible.
